City International School Pimpri 29 YEARS OF EDUCATION EXCELLENCE

Thursday, 26th September, 2026 **CISP/GC/2026-27/118**

Notice for Std: IX & X

Dear Parents,

In alignment with NEP 2020 and NCF-SE 2023, CBSE is strengthening career awareness and guidance for students. The Ministry of Education and NCERT have introduced valuable digital resources such as My Career Advisor and TAMANNA (Try and Measure Aptitude and Natural Abilities) to help students explore their interests, aptitudes and career pathways.

1. My Career Advisor

My Career Advisor is a joint initiative of the Ministry of Education, Government of India, NCERT-PSSCIVE and Wadhwani Foundation. It helps students explore career opportunities through interactive questionnaires based on aptitude, interests, values and passions, and provides information about career roles and pathways.

My Career Advisor App can be downloaded and installed both on Android Phones and iPhones.

2. TAMANNA – Know Your Aptitude

TAMANNA (Try And Measure Aptitude And Natural Abilities) is an aptitude assessment developed by NCERT under the Ministry of Education for students of Classes IX and X. It helps students understand different areas of aptitude and use this awareness while exploring educational and career choices.

Please visit the official TAMANNA website: https://tamanna.ciet.co.in/home for completing the aptitude assessment.

3. Career Guide Book – 500 Career Cards

The Ministry of Education, through PSS Central Institute of Vocational Education (PSSCIVE), NCERT, in collaboration with UNICEF, has developed a Career Guide Book comprising 500 Career Cards covering 21 domains. These cards are designed to give students clear, accessible information about diverse STEM, non-STEM, skill-based and interdisciplinary career pathways.

Each Career Card provides useful information such as the nature of the work, essential personal traits, educational and entry pathways, course-fee information, scholarships and loan prospects, institutions offering relevant courses, and examples of pioneers in the respective fields. This enables students to explore careers beyond familiar or traditional choices and make more informed decisions.

Access the NCERT Career Cards from the below given links:

https://ncert.nic.in/pdf/CareerGuide/Exploring_Career_Cards_Volume1.pdf
https://ncert.nic.in/pdf/CareerGuide/Exploring_Career_Cards_Volume2.pdf

Students of Classes IX and X are encouraged to make meaningful use of these resources.

4. CBSE Career Guidance Webinar – Awareness Session

The CBSE Skill Education Department conducted a webinar on Career Guidance to create awareness about My Career Advisor, TAMANNA and other career guidance resources. Students and parents may view the recording to understand how these resources can support informed educational and career choices on the below given link:

https://www.youtube.com/live/fEQ3UqFkINA

Use these resources to discover yourself, explore different possibilities and make informed choices about your future.
