

* THE FAMOUS

WILLIAM SHAKESPEARE *

William Shakespeare was born in the year of 1564 and died in 1616. He was born in town of Stratford upon Avon to John Shakespeare and Mary Aiden.

When William Shakespeare was about seven years old he probably began attending school for nine hours a day. The teachers were strict disciplinarians. Though Shakespeare spent long hours at school, his boyhood was probably fascinating. Stratford was a lively town.

Shakespeare's poem and play shows his love of nature and Rural life which reflects his childhood.

His education consists mostly of Latin studies - learning to write, read and speak the language fairly well and study some of the classical historians and poet.

William Shakespeare is considered to be one of the most greatest play writers of Elizabethan dramatist and of all times. He is known as one of the world greatest play writers because of his unique and intricate style of writing.

His works were used as a form of entertainment for the rich and poor. His plays appealed to the masses and survived the hands of time, but little is known about man who wrote so beautifully.

So his wife remains a mystery to us.
